Experience

Upwork.com / Freelancer

NOV 2015 - PRESENT, Moscow, Russia

I started to work as freelancer to get more practice experience in web development, to try new technologies and tools, to improve English language skills. Now it's time to move forward to get dream work.

I was creating and managed websites and web apps for small and middle business companies.

Solvelight Robotics LLC / Web Developer(Remote)

DEC 2014 - DEC 2015, Staten Island, New York, United States

I created solvelight.com e-commerce website from scratch. It was built

with ExpressionEngine 2 CMS that based on Codeigniter framework. The website has been integrated with custom CRM system and warehouse system, Mailchimp newsletter, preferred US payment systems etc.

MIAP LLC / Web Developer

JAN 2011 - NOV 2014, Moscow, Russia

MIAP is an ordinary non-IT company in Moscow. I've started to work there to get some experience when I still was studying on 4th course in the University. I was creating websites for this company, creating branding, managing exhibitions, ordering PC components to build PCs from it and install necessary software on it, managing internal and external servers(based on Windows and Linux) and network, even installing secure cams in the company's office and warehouse. Mostly I was web-developer there.

Our last project was huge database of electronic parts
